

Life Membership

Ian Howley

Citation

Committee member

- *Shed foundation member* from the first Steering Committee Meeting– 14th October 2011
- *Secretary* for six years and *vice president* for two years

Shed Construction Manager

- Performed this role in the building of the *Main Shed* and the recent *Shed Extension (West Wing)*. The *Main Shed* was officially opened on 16th February 2016 – i.e. 5 years after the foundation meeting.

Ian's role involved assisting with funding applications, drawing up plans, ordering materials, arranging contractors, delegating tasks to volunteer members, liaising with Alpine Shire Building Inspectors and providing regular update reports to committee.

Ian would be the first to admit that we would not have the Shed without all the assistance he has had from members – *too many to mention*.

Community Project involvement

Ian has always put his hand up to assist with fundraising and community projects that require manpower.

For example — Footy/Netball Gate collection, Christmas Street Decorations, Garage Sale, Music Festival security and Cleaning out home garages/sheds.

Currently he is refurbishing some old metal snow poles from Mt Bogong to be used by the Kiewa Valley Historical Society.

Nominated by: *Paul L'Huillier*

Seconded by: *All the committee*
