4. President's Report: *(Richard Puttyfoot)*

The time has come, once again, to say something about our shed. We know all the statistics about the sale of goods and kindling and how the goods for sale have diversified because of the group's knowledge and skills.

We have discussed how we can achieve goals, how to set them, and how to make them happen. One fact is obvious: we are running out of space and short of shedders.

This year might be a good year for a member drive. Some of us should interact with other groups to involve a re-shuffle of space and available land. I have a dream plan.

The most obvious event this year, is, as a president and welfare officer, the unity of our work group. The concern shown for others' well-being is very high and quite noticeable. It is excellent. This is why I am very proud to be a member of this shed.

That's not all. Once again, thank you to Maureen and Mark for the food. And there was a bloke dressed in Footscray colours cleaning the shed ready for today.

Thank you to all for the help you have afforded me.

5. Treasure's Report:

Paul L'Huillier *for* Peter Donnan

*Report circulated to members and presented at meeting.
Moved, Paul L'Huillier seconded, Mark Hardidge. Passed*
