## VMSA EXECUTIVE OFFICER REPORT

Hi Folks,

The Men's Shed Movement is growing steadily with new sheds opening almost fortnightly.

The Mount Eliza and Badger Creek sheds officially opened this month with several more planned for May. These sheds are well organised and important additions to their communities.

The Commissioner for Seniors, Gerard Mansour submitted his report on **Isolation and Loneliness** amongst Older Victorians to Minister Martin Foley. Minister Foley has taken the recommendations and started addressing them within the community and government.

Planning is well underway for the **VMSA State-wide gathering** of sheds in Cobram on the Murray. The gathering is on the **24<sup>th</sup> of June** and will include many NSW sheds from across the border. The VMSA is always committed to bringing gatherings to regional Victoria. Please contact me with your attendance to get information on accommodation etc.

The **Chequered Flag Day** at Sandown Racecourse is on 15<sup>th</sup> of May and will be a fantastic opportunity for a family friendly day out. The VMSA and AMSA will have a stall at the day with Health checks and information on sheds around the State.

The VMSA has been excited to source many pieces of equipment and materials for sheds. Special thanks to **Robert Bosch** (Australia) and the **Joe White Foundation** for their generous support for Victorian sheds.

The VMSA has secured discount tickets for **Melbourne Storm** tickets for their June 4<sup>th</sup> game versus the Panthers. Contact me quickly to reserve your tickets.

The VMSA hopes to find funding for more **Defibrillators** and would like expressions of interest from sheds who are interested in receiving a Defibrillator for the shed.

The VMSA Public Notices **FACEBOOK** page has been distributing some very interesting freebies and some great feedback from sheds on various shed activities around the Victoria. Head onto FACEBOOK and join the page and reap the benefits.

**The VMSA is looking to establish an office with storage in the Eastern Metropolitan area. Anyone who can let us know of a suitable site at a reasonable cost please let us know.**

## MELTON SHEDS.

**Darren Cunningham from the city Of Melton has followed up with information requested at the last Sate-wide Gathering in Melton**

- **Virtual Sheds tour**

For anyone wanting to check out the Melton and Taylors Hill Men's Shed tours, go to [www.melton.vic.gov.au/mensshed](http://www.melton.vic.gov.au/mensshed)

If you are wanting to find out more about getting a virtual tour of your Shed, contact:

- **Men's Shed Research**

The issue of getting some research about the impact and benefits of Men's Sheds was raised at our meeting. Good data (mixed with good stories of real Sheddies) on the impacts on men's health and wellbeing can add greatly to grant applications, and could be useful to try and encourage support from your local Council, and other potential partners.

*beyondblue* released a report in 2013 which provides some very useful content, attached is the Executive Summary. The full report can be downloaded at: [beyondblue full report](#)

- **VMSA Gathering**

It was a real pleasure hosting everyone at the recent VMSA gathering, and especially the 50-60 Sheddies that came to the Taylors Hill Men's Shed for a tour, a cuppa and a good ol' chinwag. Attached are some photos from the Gathering and Tour.

If any Sheds want to come and visit down the track, we'd love to host you at either Melton or Taylors Hill Men's Shed.

- **CD Resource**

Over the years, we've given out a number of CD's with copies of our grant applications, Shed designs, promotional materials, Operations Manuals etc. We've recently updated a number of these documents and we're happy to send them out to Victorian Sheds, whether they've received them previously or not. If your Shed would like a copy, please send me your Shed name and postal address.

## BADGER CREEK OPENING

Congratulations to the Badger Creek Shed on its official opening.

The Plaque was unveiled by Tony Smith MP, Federal Member for Casey, While Mathew Guy Leader of the State Opposition, Cindy McLiesh State member for Eildon and Fiona McAllister Councillor for Shire of Yarra Ranges looked on.

The hard work by John Layton and his committee has paid off in a big way for Badger Creek and the wider Healesville community.

The VMSA is proud to have supported this shed.

The acknowledgement of community support and the sheds sponsors can be seen on the magnificent board above the plaque. The shed is located at the back of the CFA Station and has been fully supported by the CFA. The shed made a hose winder (pictured) in appreciation of this support.

During the event the Rotary club made an astonishing donation of \$10,000 worth of tools. This group will continue their partnership with the local primary school teaching the kids skills and running a visiting shed program with the local Nursing Home. A particularly poignant moment was when shed member Mario Herodotus shared what the shed meant to him and his life.

## DONATED POWER TOOLS

Peter from Manningham shed and Clayton from Carlton shed with new power tools

Robert Bosch (Australia) has donated over a hundred different power tools to the VMSA to distribute to members. We have been pleased to distribute them at recent Gatherings and our AGM.

If you wish to receive Power Tools in future, you should join VMSA Public Notices on FACEBOOK as one lucky shed **who joins our FACEBOOK Page** will win a DREMEL set with all the attachments.

## History

The need for a Men's Shed in Wangaratta was recognised in 2010 when it was no longer viable to hold the North Eastern Rural Expo. The group decided to seek a worthwhile cause to use their large shed. Most of this committee being of the older generation decided a Men's Shed would be a suitable use of the space. The Rural City of Wangaratta then got involved by calling a number of public meetings to gauge interest. Over 30 men attended these meetings and showed interest. It was in October 2010 that an interim committee was elected. It was in February 2011 that the shed was opened. By June that year they had already recorded up to 43 members. During their first year they made plans to ensure the shed would meet everyone's expectations including the Australian Men's Shed Association.

*"Our shed is a place for men to be socially active and form friendships, and allows new opportunities for activity and interaction in their post-work years. Through shared experiences members make friends, build a network of emotional support and develop a sense of belonging, self-worth and being of value to the community."*

*"The health and well-being aspect of our shed, particularly in terms of preventative health, is perhaps our greatest benefit."*

On the 14th April 2016, the Minister for Housing, Disability and Ageing Martin Foley MP launched the report *Ageing is everyone's business: a report on social isolation and loneliness among senior Victorians* and signed the *Age-Friendly Victoria Declaration* with Bill McArthur of the Municipal Association of Victoria.

## VMSA FACEBOOK

The VMSA has received a number of queries and requests to find an avenue that sheds can easily list & advertise surplus items they have that they wish to donate to other sheds, or to promote activities that the shed are involved in - such as market days, or fundraisers.

The VMSA has recently created and trialled a Facebook page, this is now available to all sheds and shedders to join, and to place your ads and info on.

Please note this is not the avenue if you wish to sell your surplus good, it is only if you want to donate the goods.

There are plenty of sites available such as eBay or Gumtree if you are looking to sell an item,

The Facebook page is VMSA - Public Notices, and you can search for it or go to

Happy posting.

## HUMOUR

### **Facebook for the senior generation**

For those of my generation (and any others)  
who do not and cannot comprehend why Facebook exists:

I am trying to make friends outside of Facebook while applying the same principles.

Therefore, every day I walk down the street and tell passers-by what I have eaten, how I feel at the moment, what I have done the night before, what I will do later, and with whom.

I give them pictures of my family, my dog, and of me gardening, taking things apart in the garage, watering the lawn, standing in front of landmarks, driving around town, having lunch, and doing what anybody and everybody does every day.

I also listen to their conversations, give them the "thumbs up" and tell them I like them.

And it works just like Facebook. I already have four people following me: two police officers, a private investigator, and a psychiatrist.
